

— CORE —

Voiàp

This is the ready-to-use platform version: with just a few clicks, you can select your products from pre-loaded libraries, add them to your digital catalogue, and configure them together with the end user.

Voiilàp

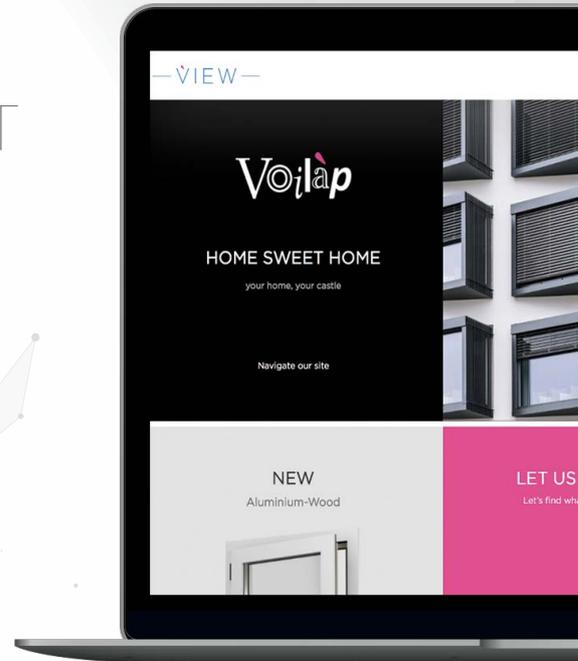

# YOUR NEW SHOWROOM

Discover CORE, the innovative **web platform** for the door and window industry that takes **configuration, cost estimates** and **sales** to a new level.

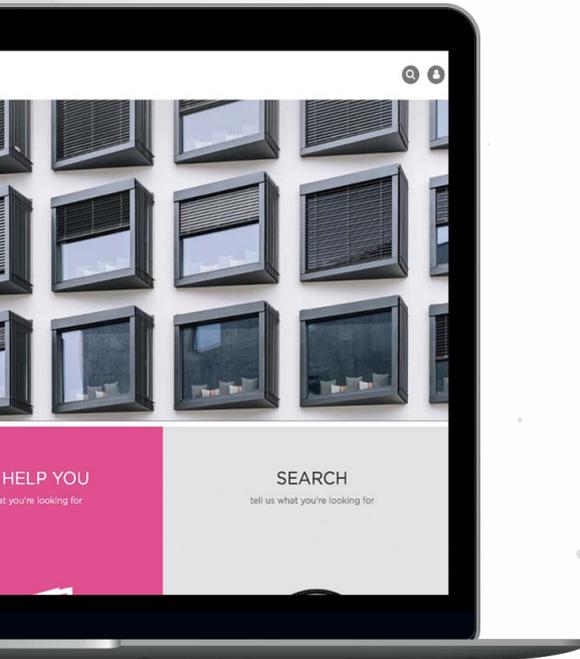

# PRICE LISTS READY TO USE AND CUSTOMISABLE IN JUST A FEW CLICKS

**CORE** gives you reference price lists for each type of product: it only takes you a **few clicks** to personalise them and instantly start creating your own **estimates**.

# MATERIALISES THE FINISHED PRODUCT

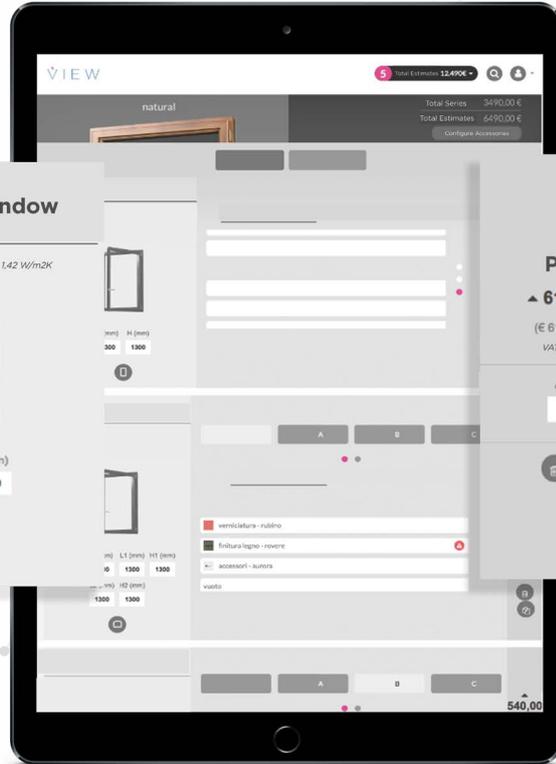

CORE uses virtual reality to display the finished product before it is built, using **digital archives** of accessories and finishes from the biggest manufacturers. It **configures windows and doors**, depicting them in **photorealistic** and customisable scenes.

# MORE ESTIMATES IN LESS TIME

CORE makes you more efficient, because the entire offer preparation process is quick and intuitive; even a non-expert can prepare a correct estimate in just a few minutes.

# ORGANISING YOUR ESTIMATES IS SIMPLE

You have an archive from which you can easily **edit, print or issue** any offer that you have generated. With CORE you have more control over your sales processes.

# BRINGS THE SHOWROOM INTO THE CUSTOMER'S HOME

You can use the platform **from any device**, allowing you to take your **virtual showroom** everywhere and even directly into the customer's home. All you need is a username and password.

Suddenly, your home,  
suddenly your business.
